DEUTSCHE STEINZEUG AMERICA (DSA) DONATES TO TILE PARTNERS FOR HUMANITY

DSA donations directed to Operation Compassion

Atlanta, July XX, 2009. Tile Partners for Humanity, Inc. (TPFH), an outreach organization for the tile industry, announced that Deutsche Steinzeug America (DSA), a long time supporter of Tile Partners for Humanity, Inc., has generously donated over \$40,000 in tile to TPFH. This donation was directed through Mountain Resource Center to Operation Compassion. Operation Compassion's mission focuses on responding to natural disasters nationally and throughout the world, as well as international distribution of donated materials to widows, single mothers and children.

"TPFH would not exist if it were not for the continued support of industry partners such as DSA. Their generous donations allow TPFH to not only help those in need locally, but internationally as well", says Lynn Labuda, executive director of TPFH.

About Deutsche Steinzeug America (DSA)

DSA is a leader in Ceramic and porcelain tile manufacturing. Since 1979, DSA has brought the Jasba, Buchtal and Keope products to the US. DSA is the only manufacturer in the world with Hydrotect, the self cleaning, anti-microbial, and odor reducing surface coating. Our aim is to bring creativity and competence in an attractive package to all facets of ceramic tile application.

About Tile Partners for Humanity

Formed in 2002, TPFH is a partnership between the tile industry and Habitat for Humanity International, a nonprofit organization working to eliminate substandard housing around the world. Industry partners provide tile, setting materials, tools, floor preparation materials, cleaners and sealers, labor and installation training to Habitat affiliates interested in building with tile. TPFH is a 5013c organization that grants tax relief for donations of materials or other support for our partnership.
